## DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we are looking for.

Bill spent four years at the University of Texas and studied further in San Francisco and Chapel Hill in North Carolina.

They have all had one man shows throughout the country; Carl in New York, Roz in New England, and Bill in Texas and California. Each artist has developed an individual style and aim. Carl Lopes calls his style "Transitions". He harmonizes colors, shapes, lines and textures to create a total atmosphere. Roz Lincoln emphasizes harmony as well, but her aim is to unify opposites such as concave and convex forms and complimentary colors. Bill Parker's dream work is an expression of the struggle of many images and colors within the four edges of the picture plane with no one color or image dominating the content of the work.

HARD TO HANDLE VEHICLES ... weak worn shock absorbers cause abnormal drift and sway; UNEVEN TIRE WEAR ... may indicate poor alignment or worn shock absorbers; LEAKING SHOCKS ... shocks cannot be refilled, they should be replaced; SAGGING SPRINGS ... springs may sag because good shocks weren't there to absorb vibration; TOPPING OR BOTTOMING OUT . ## MAKE THE SIMPLE "BOUNCE" TEST

Any of the symptoms of worn shocks mentioned here could call for shock replacement. Make the bounce test by bouncing the vehicle up and down three or four times by putting weight on either bumper. After release, continued free rocking of the vehicle, of more than two cycles, indicates loss of shock absorber function. The bounce test is a simple key to uncovering more bad shocks

engagement of two loving bodies...that shows the twinship of sexual intimacy. Un-titled deals humorously and eerily with the facets and ambiguities of women's sexuality", said Professor Luti.

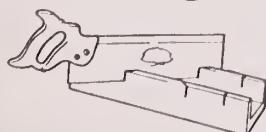

"One of the great achievements of Pilobolus is that they have closed the gap between athletics and the Arts. They raise the movement of athletics to the level of expressive cultural appreciation with a degree of athleticism that among athletes only gymnasts have achieved. But they are not gymnasts. Not even acrobats or even dancers. They are Pilobolus, a fusion of synthesis of all these movements into a remarkable and entertaining art."

Tickets will be sold at Uncle Ernie's Corner at the SMU Campus Shop, 8 to 8 Monday through Thursday, and 8 to 6 on Friday. Phone reservations may be made and will be held only until 15 minutes before curtain time by calling 997-9321, extension 763 or 769. There are no mail orders.

A word of caution to parents: the repertoire of the Pilobolus Dance troupe can include mature subjects. Since the particular program is unknown at this time, the university advises that children under 16 be accompanied by a parent.

The closest parking to the Auditorium is in Lots 3, 4 and 5.

He has frequently performed at the White House and was the first artist invited by President Carter to perform at a state dinner. In 1963 President Lyndon Johnson awarded Serkin the Presidential Medal of Freedom, paying tribute to the pianist as an artist and teacher who "has given the classical traditions of the piano new life in a disordered age."

Recently Stern was awarded the first Albert Schweitzer Music Award for a life dedicated to music and devoted to humanity.
